

FX100 - It's time.

The Famoco FX100 has been in the field for over 6 years now, and it has been supporting many of you in your business in payment, transportation, identification, access control and much more. This product is the emblem of Famoco, because of its compact size, robustness and reliability, it is our product that has traveled to the most countries in the world for now and epitomize what we as a company try to achieve everyday.

But, it's time to say goodbye. We are officially announcing the End-of-life of the FX100, which soon will no longer be able to keep up the pace with the requirements of our new digital world.

Thus, the last day to order the FX100 will be March 31st, 2022.

You will find below the key dates.

Prepare your farewell to the FX100

Milestones	Definition	Date
End-of-Life (EoL) Notification Date	The date the document that announces the last time buy an end-of-life of a product is distributed.	Sep 30, 2021
Last Buy (LB) Date	The last date to order the product to Famoco. The product is no longer for sale after this date.	Mar 31, 2022
End of Maintenance	Final OS SW release: after this date no more security update, new feature or general OS update will be released	Mar 31, 2022
End of Support (EoS) End of Life (EoL)	This will be the end of Support for the device where after this date no more technical support for software integration or Famoco services update or fixes will be provided for this device.	Sep 30, 2022
	After this date, if you are a proud owner of a FX100 and a MDM customer, our support team will of course be there to help you troubleshoot issues, but Famoco will not be releasing any software update of any kind.	After Sep 30, 2022

The next generation of the Famoco pocket terminal, the FX105, is able to better meet your needs for the following years. It is more powerful, more beautiful, more ergonomic, simply better.

FX105

The next generation of the Famoco pocket terminal

New. Smarter. Better.
